

PATRICIU

law made simple.

WHY *law made simple.*

You might have noticed our motto.

A simple motto that packs a lot about what we are and what we do for our clients.

We believe that **simple is beautiful.**

Leonardo da Vinci: "Simplicity is the ultimate sophistication."

We grasp subtle **nuances** and work hard to filter out the noise and just focus on what is essential for our client.

Albert Einstein: "Everything should be as simple as it can be, but not simpler"

We are **problem solvers.** We are here to get the client where the client wants to go, in the most straight-forward and hassle-free way.

Hans Hofmann: "The ability to simplify means to eliminate the unnecessary so that the necessary may speak."

PATRICIU

law made simple.

We protect the client from the **complexity of the matter** and deliver the expected results without dragging the client into the mud with us and without dealing with non-issues for the sake of more billable hours.

We look for the simplest solution, the most **elegant** one, not the one that makes us look smart.

We are the lawyers that **get the job done**, no drama, no excuses, no chasing ghosts, no wasting time.

We are Patriciu / *law made simple.*

Isaac Newton: "Truth is ever to be found in simplicity, and not in the multiplicity and confusion of things."

Occam's Razor: "the simplest solution is almost always the best."

Steve Jobs: "That's been one of my mantras—focus and simplicity. Simple can be harder than complex: You have to work hard to get your thinking clean to make it simple. But it's worth it in the end because once you get there, you can move mountains."
